Communication Disorders in Turkish (Communication Disorders Across Languages) Seyhun Topbas, Mehmet Yavas

This volume is the first to deal with Turkish communicative development and disorders, reflecting the use of Turkish by a sizeable population in multilingual settings in Europe, USA, and Australia. In addition to Speech-language Pathologists, the book will be of interest to professionals from related fields such as clinical linguistics, psychology, psycholinguistics, neurolinguistics, audiology, and special education. This book presents a compendium of information about the profession of speech-language pathology, cultural differences, assessment materials and research done in communication disorders in Turkey. It also covers acquisition and disorders in multilingual contexts where there is significant Turkish immigration.
