A comprehensive volume spanning the entire theory course, HARMONY AND VOICE LEADING begins with coverage of basic concepts of theory and harmony, and moves into coverage of advanced dissonance and chromaticism. It emphasizes the linear aspects of music as much as the harmonic, and introduces large-scale progressions--linear and harmonic--at an early stage. The first three Units of the book are designed to be taught sequentially, but instructors have the flexibility to teach the latter units in any combination and order they choose.
