Praxial Music Education: Reflections and Dialogues

Praxial Music Education: Reflections and Dialogues

Praxial Music Education is a collection of essays by nineteen internationally recognized scholars in music education. Each essay offers critical reflections on a key topic in contemporary music education.

The starting point of each essay, and the unifying thread of this collection, is the "praxial" philosophy of music education explained in Elliott's *Music Matters: A New Philosophy of Music Education* (OUP, 1995). This philosophy argues for a socially and artistically grounded concept of music and music education, challenging the field's traditional "absolutist" foundations. *Praxial Music Education* is both a critical companion to *Music Matters*, and an independent text on contemporary issues in music education. Among the themes discussed are multicultural music education, the nature of musical understanding, early childhood music education, the nature and teaching of music listening, music curriculum development, and musical creativity.

Praxial music education is a living theory. This unique collection will not only enrich discussions that already use *Music Matters* as their core, but will globalize current discussions and applications of the praxial philosophy and emphasize the positive and practical values of collaborative efforts in music education.

Julie Slocum:

As a college student exactly feel bored to reading. If their teacher questioned them to go to the library or to make summary for some book, they are complained. Just little students that has reading's heart or real their interest. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Praxial Music Education: Reflections and Dialogues can make you sense more interested to read.

Phyllis Walters:

Reading a guide make you to get more knowledge from this. You can take knowledge and information from the book. Book is created or printed or highlighted from each source that filled update of news. With this modern era like at this point, many ways to get information are available for a person. From media social just like newspaper, magazines, science book, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the Praxial Music Education: Reflections and Dialogues when you necessary it?
