2015 Relative Values for Physicians Optum360

Relative Values for Physicians is a complete relative value system established by national surveys of physicians in all specialties. With this tool you can establish, defend, and negotiate fees for medical and surgical procedures with the same relative values used by many insurance companies.

Key Features and Benefits:

Relative values are based on the actual clinical work performed and are not influenced by Medicare budget issues. Feel confident and assured of a neutral relative value scale.

Conversion factor benchmarks. An additional tool to help you start or update a relative value-based fee schedule.

Relative value scale is based on physician survey data. Now rely on a resource free from government budgetary influence.

Access RVUs from one resource based on services that are similar. RVP values for nearly all CPT® codes are included to help determine medical and surgical fees.

Easy, step-by-step instructions for practice management. Set your fees, analyze capitation contracts, and perform cost, profitability, and productivity analyses.

CPT® is a registered trademark of the American Medical Association.
