Anthropology and Religion: What We Know, Think, and Question

Robert L. Winzeler

Anthropology and Religion: What We Know, Think, and Question Robert L. Winzeler

Drawing from ethnographic examples found throughout the world, this revised and updated text offers an introduction to what anthropologists know or think about religion, how they have studied it, and how they have interpreted or explained it since the late nineteenth century. Robert Winzeler's balanced consideration of classic topics, basic concepts, and new developments in the anthropological study of religion moves beyond cultural anthropology and ethnography to gather information from physical anthropology, prehistory, and archaeology. Written as a sophisticated but accessible treatment of the issues, *Anthropology and Religion* is a key text for upper-division courses.
