From Bloomberg, the authority on municipal bond valuation, this is the first book to give issuers (municipalities and their officers, attorneys, and other advisers) step-by-step tips on (1) lowering the cost of financing and (2) how to do it right and avoid trouble--with the press, with the market, with constituents, and with the Securities and Exchange Commission. With an insider's perspective, Joe Mysak debunks the myths and reveals the practical realities of today's municipal bond market. Fresh and clearly written, this excellent primer on issuing municipal bonds is a key to the market that no participant should be without.
