Forest Janet Taylor Lisle

War is coming, and it will take two very unusual friends to avert a showdown in the town of Forest

Upper Forest is the kingdom of an ancient clan of squirrels. For years they have lived and died in the trees, building an elaborate civilization high above the earth. Since man came to Forest, the trees have been thinned, but there are still enough thick groves where the squirrels can run from branch to branch, going days without touching the ground. To avoid people, their natural enemies, the squirrels make their homes higher than any human can climb—or so they think. But they haven't met Amber Padgett.

Swift, bright, and fearless, Amber has never fit in among humans. When she pokes her head into Upper Forest, she begins an unlikely friendship with a squirrel named Woodbine. As this mismatched pair grows close, the worlds of Upper and Lower Forest collide. But Amber's father, and other people in town, think the squirrels are pests and try to get rid of them. Which will triumph: friendship or war?
