Religious Right: The Greatest Threat to Democracy A. F. Alexander

You feel frustrated, even angry, at the impotence of our political system today. It seems broken, but the truth is that the Religious Right has infiltrated the political system and are creating this stalemate with very little regard for anything outside their agenda. They have a specific plan for this nation, and it will not be a democracy when all is said and done.

This work is a timely exposé on the Religious Right that gives insight into the network's blueprint for America. From Christian Reconstructionists, Dominionists, Quiverfull, Seven Mountains Mandate, to the war on women, and attacks on public schools. Find out who the leaders of the movement are and their tactics.

This exposé uncovers a deceptive movement to take over the government, courts, education system, media outlets, and American culture with stealth - and it's true, not fiction. How is this possible? This book explains and documents a stealthy hijacking of the government, courts, schools, even our history, and popular culture. Find out in its pages why they believe they are mandated to have dominion over every aspect of life in the United States. It reveals how their vision for America is not a democracy at all.

The book is written by an insider who left the Religious Right fold and now shares why they believe they are mandated to have dominion over every aspect of life in the United States. How their vision for America is not a democracy at all. A must read.

Although the book is not intended for academics, it is well researched with current events included and explained. The book includes interviews, and a bibliography. The presentation is organized and systematic while in plain English. While there are books on the market that focus on an aspect of the movement, this one outlines the network and their overall strategy, tactics, and steps each person can take to make a difference. It goes beyond the disturbing news and shares how to get involved and make a difference in your community to protect your rights and preserve democracy. Never dull and answers all your questions.
