Bad doings in Bugtown have the local insects bug-eyed. But Inspector Cricket is on the case to find out who tried to flatten local low life Charlie Roach. The second of Accord Publishing's phenomenally successful Eyeball Animation(R) books pits the Inspector against the craziest Insectiary of suspects that the bug world has ever seen. A pair of roaming eyeballs built into this high quality hardcover picture book wiggle and jiggle from page to page as this bugland whodunit unfolds in witty and catchy verse that is as much fun for parents to read as it is for the kids to hear. A fact-filled Insect Glossary at the back of the book makes it a great learning tool as well. Reading Rainbow Book recipient Jim Harris provides the same style of bold and striking illustrations that made Ten Little Dinosaurs a huge bestseller.
