Seventy Years Among Savages Henry Stephens Salt

THE tales of travellers, from Herodotus to Marco Polo, and from Marco Polo to the modern “globe-trotter,” have in all ages been subject, justly or unjustly, to a good deal of suspicion, on the ground that those who go in quest of curious information among outlandish tribes are likely in the first instance to be imposed on themselves, and in the sequel to impose on their readers. No such doubt, however, can attach to the following record, for I am myself a native of the land whose customs are described by me. I cannot think that my story, true as it is, and admitting of corroboration by the similar witness of others, is any the less adventurous on that account; for, like previous writers who have recorded certain startling discoveries, I, too, have to speak of solitudes and remotenesses, vast deserts and rare oases, inextricable forests and dividing gulfs; and such experiences are none the less noteworthy because they are not of the body but of the mind. At any rate, the tale which I have to tell deals with incidents which have had a very real significance for myself—quite as real as any of those related by the most venturesome of voyagers.
