Woodcraft E. H. Krebs

This unusual early work is a fascinating read for camping and survival fans. Chapters deal with every aspect of survival in the wild from building and furnishing a wooden hut to travelling in pathless woods, and from starting fires to making snow shoes, a backpack and hunting weapons. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
