Tiger (Animal) Susie Green

Contrary to popular belief it is the tiger, not the lion, who is the true king of the jungle: a male Siberian tiger can grow to almost three and a half metres in length and weigh more than 300 kilograms. Sleek, powerful and mysterious, the tiger is revered as a potent symbol of sexuality, ferocity and magic in many cultures around the world, yet the tiger's strength and beauty has also been its downfall: nearly every part of the tiger has a value to poachers. Live tigers are sold as exotic pets; skin is made into magical amulets and novelties, as are teeth and claws; tiger penis is an ingredient of allegedly powerful sexual tonics and traditional Asian medicine uses tiger bone in a number of different formulae. Poaching now threatens the long-term survival of the species: there are only an estimated 30 to 80 South China tigers, 150 to 200 Siberian tigers and 600 to 650 Sumatran tigers left in the wild, and there may be as few as 5,000 still alive worldwide.

In *Tiger* Susie Green uncovers the natural history of the tiger, showing how the decline of its natural habitat and relentless pressure from poachers and farmers have turned a naturally retiring, solitary creature into an aggressive, man-eating predator. She also explores its cultural history, describing tigers in many cultures from the White Tiger in Chinese Taoist mythology and the Chinese Zodiac, to Lord Siva in Indian Hindu mythology who is almost always pictured wearing a tiger skin. In the West, Bacchus, or Dionysos, god of wine and mystical ecstasy, was pictured riding a tiger, and tigers have been used by artists such as Salvador Dalí to symbolise sexuality and desire.

Written in a lively, approachable style, and featuring many illustrations of tigers in myth and reality from around the world, *Tiger* will appeal to the wide audience who admires this wonderfully vital, yet highly endangered species.

From reader reviews:

Shannon Batiste:

The particular book Tiger (Animal) will bring you to the new experience of reading a new book. The author style to describe the idea is very unique. Should you try to find new book to study, this book very suitable to you. The book Tiger (Animal) is much recommended to you you just read. You can also get the e-book from official web site, so you can quicker to read the book.

Melissa Conner:

Reading a reserve tends to be new life style in this era globalization. With looking at you can get a lot of information which will give you benefit in your life. Having book everyone in this world could share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or their experience. Not only situation that share in the ebooks. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book that exist now. The authors on this planet always try to improve their skill in writing, they also doing some research before they write with their book. One of them is this Tiger (Animal).

Anthony Tipton:

This Tiger (Animal) is great book for you because the content that is full of information for you who else always deal with world and still have to make decision every minute. This kind of book reveal it facts accurately using great arrange word or we can say no rambling sentences within it. So if you are read the item hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but tough core information with beautiful delivering sentences. Having Tiger (Animal) in your hand like getting the world in your arm, data in it is not ridiculous one particular. We can say that no reserve that offer you world inside ten or fifteen tiny right but this publication already do that. So , this is good reading book. Hello Mr. and Mrs. occupied do you still doubt that will?

Timothy Pace:

Publication is one of source of knowledge. We can add our understanding from it. Not only for students but native or citizen have to have book to know the update information of year to be able to year. As we know those guides have many advantages. Beside most of us add our knowledge, can bring us to around the world. By book Tiger (Animal) we can get more advantage. Don't you to be creative people? To be creative person must choose to read a book. Only choose the best book that suitable with your aim. Don't become doubt to change your life with this book Tiger (Animal). You can more attractive than now.
