## The Midwife Katja Kettu

Orphaned into an unforgiving foster home and raised as an outsider, Weird-Eye shoulders her unflattering nickname. She relies on her vivid imagination to sustain her work as a midwife bringing newborns into the world while World War II overruns her native Finland, desecrating life. She finds herself drawn to the handsome, otherworldly Johannes Angelhurst, a war photographer working for the SS. To be near him, Weird-Eye—whom Johannes lovingly calls Wild-Eye—volunteers to serve as a nurse at the prison camp where he has been assigned.

From the brutality of the camps to the splendor of the aurora borealis above the Arctic Sea, *The Midwife* tells of a stormy romance, the desolate beauty of a protective fjord, and the deeply personal battles waged as World War II came to an end.
