Crochet Garden: Bunches of Flowers, Leaves, and Other Delights Suzann Thompson

Building on the success of her first book, *Crochet Bouquet*, Suzann Thompson presents a delightful collection of garden-inspired creations. After briefly reviewing the basics, Suzann arranges her designs in four distinct sections: Botanical Gardens, featuring well-known varieties; Inspired Gardens, based on decorative motifs; International Gardens, incorporating flowers from throughout the world; and Fun and Fantastic Gardens, with imaginative takes on traditional favorites. Simple and fun, they all use widely available yarns. Inspirational projects show how to use the motifs to decorate garments, accessories, and home décor items.
