Richard Beeston

*Looking for Trouble* is a vivid account of 35 years in journalism by a former foreign correspondent and bureau chief of *The Daily Telegraph*. It recounts an extraordinary and eventful period in the years before instant communication and mass TV coverage and provides a riveting first-hand record of history unfurling during many of the world's most dramatic events of the Cold War era. Richard Beeston describes what the restless, nomadic life of a foreign correspondent is like, providing colourful and lively portrayals of daily life in Fleet Street and communist Moscow; of his years with a radio station for MI6 in the Middle East; and of his acquaintance with the notorious Soviet agent, Kim Philby. Richard Beeston led a truly extraordinary life, superbly captured in this acclaimed memoir – now published in paperback for the first time.
