Spring Moon (Seasons of the Moon) Jean Craighead George

Under the spring moon:

Follow a salamander into a woodland pond where he and a mate perform an ancestral mating dance.

Watch for predators with a new mother chickaree who is trying to protect her young.

Look through the eyes of a monarch butterfly as she travels north to her birthplace in Canada.

In this series, acclaimed naturalist and Newbery Medal-winning author Jean Craighead George takes readers on a wondrous journey through each season of the year as she captures the lives of thirteen different North American animals in their natural habitats.
