**Treasures from Juniper Ridge** padmasambhava guru Rinpoche

Treasures from Juniper Ridge combines meditation and pith practice instructions in a way that is easy to apply and comprehend. It is a compilation of discovered teachings, termas, by the greatest master of Vajrayana Buddhism, Padmasambhava, hidden by his female disciple, Yeshe Tsogyal. Treasures is replete with pieces that are direct, profound, fresh, and pertinent to our times.

These various revelations are for all levels of practitioners. They provide indepth explanations of assorted aspects of practice, including: deity, death and dying, non-conceptual meditation and recognizing mind nature. The book outlines ways to apply these teachings for the modern student, while remaining true to traditional principles.

“Padmasambhava’s pith instructions are extremely important because he is not just a legendary figure or an ancient myth. He is an actual person who continuously carries out spontaneous activities, including manifesting as treasure revealers, so that there is always a fresh, unimpaired teaching that people can practice. This also ensures that Padmasambhava’s spiritual influence and blessings are unceasing.

The special quality of these terma teachings is that they provide a method for accomplishment that is appropriate for each specific generation, period of time, and individual person who meets them. The treasure teachings he gave on the Juniper Ridge of Crystal Pearls contain the essential meaning of hundreds of such instructions.”
