Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus

Philip R. Brown

Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus Philip R. Brown

This is primarily a textbook for university students. In particular, this book can be used as a textbook or an additional reference book by students attending a university course in algebra, Euclidean geometry, trigonometry or differential calculus. As a calculus textbook, this book is unique in that it contains all the school mathematics that students will need to know in order to be successful in a calculus course. For this reason, this book will be invaluable for students who might need to fill in some "gaps" in their mathematical background, or review certain topics, while attending a university calculus course. Included in this book is a chapter on spherical trigonometry. This will give students a deeper understanding of trigonometry and to give them some exposure to non-Euclidean geometry. There is a strong emphasis in this book on the unfolding and development of concepts and the historical development of mathematics, with many diagrams as an aid to understanding.

From reader reviews:

Marie Michael:

In this 21st one hundred year, people become competitive in every single way. By being competitive today, people have to do something to make these people survive, being in the middle of the actual crowded place and notice simply by surrounding. One thing that occasionally many people have underestimated the idea for a while is reading. Yep, by reading a publication your ability to survive enhance then having chance to stay than other is high. To suit your needs who want to start reading the book, we give you this Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus book as starter and daily reading guide. Why, because this book is more than just a book.

Lula Barnes:

Do you really one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Try to pick one book that you never know the inside because don't ascertain book by its handle may doesn't work this is difficult job because you are scared that the inside maybe not as fantastic as in the outside appearance likes. Maybe your answer may be Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus why because the great cover that make you consider about the content will not disappoint an individual. The inside or content is actually fantastic as the outside or maybe cover. Your reading sixth sense will directly show you to pick up this book.

Robert Dunham:

Is it a person who having spare time after that spend it whole day by means of watching television programs or just lying on the bed? Do you need something totally new? This Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus can be the respond to, oh how comes? A book you know. You are and so out of date, spending your spare time by reading in this completely new era is common not a nerd activity. So what these textbooks have than the others?

Michael Gage:

Do you like reading a publication? Confuse to looking for your selected book? Or your book was rare? Why so many issue for the book? But almost any people feel that they enjoy with regard to reading. Some people likes reading through, not only science book but also novel and Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus or perhaps others sources were given know-how for you. After you know how the good a book, you feel need to read more and more. Science publication was created for teacher or maybe students especially. Those publications are helping them to put their knowledge. In additional case, beside science e-book, any other book likes Algetrigulus: An Introduction to Algebra, Geometry, Trigonometry and Calculus to make your spare time much more colorful. Many types of book like this.
